

PROJECT PROPOSAL – Study Portal

■ About Me

- Name: Rafia Minhaj
- Email: rafiaminhaj23@gmail.com
- GitHub: github.com/Rafiaminhaj
- LinkedIn: linkedin.com/in/rafia-minhaj-69317b308/
- Timezone: IST (+5:30)
- Technical Skills: React.js, Node.js, Express.js, JavaScript, HTML, CSS, REST APIs, MongoDB/MySQL, Git
- Open Source Experience:
 - Hacktoberfest 2025 participant, multiple PRs merged, official badge earned
 - LeetCode 50 Days Badge earned for consistent DSA practice
 - Built multiple web and full-stack projects including weather app, e-commerce UI, search/filter features

■ Why Study Portal?

- Platform helping students access structured academic materials
- Aligns with my full-stack skills in React & Node.js
- Opportunity to work on a high-impact, real-world project
- Chance to collaborate with SDS Labs and learn from experienced mentors

■ Understanding of the Project

- Browse and access study materials by department, course, subject, semester
- Tech Stack:
 - Frontend: React.js
 - Backend: Node.js + Express.js
 - Database: MongoDB/MySQL
- Key Features:
 - Material listing & categorization
 - Search & filtering
 - Tags, metadata, personalization
 - User authentication

■ Contribution Plan

Frontend:

- Improve UI/UX of study materials page
- Add advanced filters (department, semester, tags)
- Implement autocomplete search suggestions
- Add Favorites/Bookmark feature
- Enhance responsiveness & component reusability

Backend:

- Introduce pagination for large datasets
- Implement caching for faster queries
- Improve API validation and error handling

- Refactor controllers and improve documentation

General Enhancements:

- Fix UI bugs
- Improve accessibility
- Clean code and maintain consistent naming conventions

■ What I Hope to Learn

- Work with a large-scale, production-level codebase
- Write scalable, modular React & Node.js code
- Understand Git workflows, PR reviews, collaborative development
- Build meaningful features used by real students

■ Closing Note

- With full-stack skills, open-source experience (Hacktoberfest 2025), and LeetCode 50 Days Badge, I am confident in contributing meaningful improvements to Study Portal.
- Excited to learn, collaborate, and deliver high-quality features during WOC 2025 with SDS Labs.
